

Miscellaneous Conditions

(Weedon Chapter 19)

Paul K. Shitabata, M.D.

Dermatopathology Institute

Accessory Tragus vs Supernumerary Nipple

Histopathology	AT	SN
Cartilage		
Pilosebaceous units		
Smooth muscle		
Ducts		
Skeletal muscle		

Accessory Tragus vs Supernumerary Nipple

Histopathology	AT	SN
Cartilage	+	
Pilosebaceous units	+	+
Smooth muscle		+
Ducts		+
Skeletal muscle	+	

Pertinent histopathologic differential diagnostic considerations for acanthosis nigricans include all except:

- A. Seborrheic keratosis
- B. Lentigo
- C. Epidermal nevus
- D. Condyloma
- E. Actinic cheilitis

Answer E

Relapsing Polychondritis vs Chondrodermatitis Nodularis

Characteristic	RP	CN
Association with autoimmune diseases		
Antibodies to Type II collagen		
Degenerative changes in cartilage
